

## GLOBAL PARTNERSHIP WORKSHOP: KOREA-ITALY R&D COOPERATION

<b>Event Title</b>	<b>GP KOREA-ITALY: COOPERATION ON POLYMERIC AND COMPOSITE MATERIALS 2013</b>
<b>Goals</b>	To facilitate Korean-Italian cooperation in R&D including Universities, Research Institutes and Industries.
<b>Sponsored by</b>	Korean Ministry of Trade, Industry and Energy (MOTIE)
<b>Organized by</b>	<b>Korea:</b> Korea Institute for Advancement of Technology (KIAT) <b>Italy:</b> IMAST Scarl - Technological District on Engineering of Polymeric and Composite Materials and Structures, and CNR - National Research Council.
<b>Date/Time</b>	September 26 <sup>th</sup> 2013 (09:30 ~ 18:00) <b>Morning Session:</b> Registration and Networking. Plenary Session. <b>Afternoon Session:</b> One-to-One Meetings between Korean and Italian Institutions/ Companies
<b>Venue</b>	CNR (National Research Council) Headquarters - Piazzale Aldo Moro 7, ROME, Italy.
<b>Topic</b>	Govn'ts programs, success stories from companies' international R&D collaborations and interests for future R&D collaborations focused on Polymeric and Composites Materials in transport, electronic and biomedical applications. The main topics will include: <ul style="list-style-type: none"><li>➤ <b>RESINS</b><ul style="list-style-type: none"><li>- Epoxy composites for transportation industry–lightweight epoxy resins, eco friendly, low viscosity, low chlorine, halogen-free flame retardant</li><li>- Epoxy Moulding Compounds (semiconductors)</li><li>- High Heat Resistant Epoxy Resins (Electronics)</li></ul></li><li>➤ <b>FIBER-COMPOSITE MATERIALS:</b><ul style="list-style-type: none"><li>- Lightweight and high-strength fiber composite materials (nanometer-class filler development)</li><li>- High-quality inorganic fiber composite material developed through the development and application of functional fillers</li></ul></li><li>➤ <b>CERAMIC COMPOSITES:</b><ul style="list-style-type: none"><li>- Textile - ceramic</li><li>- fiber - ceramic</li><li>- polymer – ceramic.</li></ul></li></ul>
<b>Workshop</b>	The audience is expected approx. 30 practitioners (Korean Universities, Research Institutes, and Companies as well as Italian Universities, Research institutes, and Companies).
<b>Language</b>	English. Korean/Italian translation will be also available.
<b>Registration</b>	The attendance is free, but registration is required within September, 15 <sup>th</sup> 2013. For registration and further information, please contact <a href="mailto:comunicazione@arti.puglia.it">comunicazione@arti.puglia.it</a> .
