

Marine Surveyor

Number of Posts: 1

Contract Type: Full time – Permanent

Bureau Veritas is one of the world's leading classification societies, operating in 140 countries. Our marine & offshore experts work hand-in-hand with our maritime clients to achieve safety and performance at sea. We are aiming to strengthen our BUREAU VERITAS Marine and Offshore Department (Malta Office) in the field of Ships in Service Surveyors.

Job description

Bureau Veritas Malta is seeking an experienced marine surveyor to:

1. Conduct inspections, surveys or examinations of marine & offshore vessels to assess, monitor and report on their condition, and
2. Inspect equipment intended for new or existing vessels to ensure compliance with international standards & codes.

Experience Needed:

- Was previously employed with an IACS Classed society with minimum two to three years' experience
- We will also consider applicants who have at least three to five years' experience as an Engineer and are well conversant with classification rules & surveys.

Requirements

- Hold a Marine Engineering, Naval Architecture or Mechanical Engineering degree, or
- Hold a Chief Engineer's diploma with sufficient sea going experience or a 2nd Engineer's diploma with sufficient sea going experience followed by Naval Architecture or Marine Engineering degree

Competencies:

- Have an excellent knowledge of English language.
- Be computer-literate.
- Their character integrity and culture should fit the Society's Code of Ethics.
- Be prompt in replying to client's queries.
- Be a good decision maker.

Hours of Work:

40 Hours per week, adapted to survey requirements
