Beskrivelse av arbeidsgiver

LOCATION

Tyrifjord Golfklubb is located 40km from the city of Oslo (15km south of Hønefoss, 25km north of Sandvika) on E18. The golf course lies on the island of Storøya on Tyrifjorden lake and is truly a captivating setting for golfers offering a memorable golfing experience. The island offers great opportunities for boating and fishing

CLUB OVERVIEW

The course was designed by Jan Sederholm/Tor Eia with the first nine holes opened in 1994 followed by the back nine holes in 1996. The layout has remained virtually the same since then. As part of it's business plan, the club has a masterplan in place for continual improvements to the course.

In September 2021 we started the renovation of holes 1-9 and we opened all 18 in the end of July this year.

The club has a membership of around 900 drawn from all walks of life and is considered to be very friendly and welcoming by both members and visitors. It is very much an all-inclusive and family orientated club being part of the local community.

THE 4 LEGS

The success of the club is based on a small, experienced management team that has a passion for golf and member service. The 4 legs of the team are administration, greenkeeping staff, café, and pro shop.

THE COURSE

Tyrifjord offers a unique and memorable challenge for golfers of all abilities. The course has won many plaudits as one of the best maintained, varied and challenging courses in Norway. Such is Tyrifjord's reputation, in 2014 it was selected by the NGF to host the Norwegian Strokeplay Championship (won by Viktor Hovland). The course presents a rich variety of memorable holes making the most of the natural variations in the island terrain with mature trees and water in play on many holes. Lake Tyrifjord is a notable feature lending character and scenic beauty to the course as well as providing a hazard to be avoided on occasion. The course fits nicely in to

the beautiful, natural, rugged landscape and provides magnificent panoramic views over the local countryside and mountains. Lying mainly on free-draining soil, the course enjoys a dry micro-climate similar to northern Denmark.

CLUB FACILITIES

The club has a driving range, short game area and large putting green together with a 6 hole short course, football pitch and playground for children.

SEASONAL ASSISTANT GREENKEEPER

Tyrifjord Golf Club has a renowned reputation for our outstanding service to both members and visitors, as well as being one of the best maintained courses in Norway. As we prepare for the 2023 season, we have vacancy for Seasonal Assistant Greenkeeper positions on our greenkeeping team.

The role offers an exceptional opportunity for personal development in the greenkeeping industry as you will be working in a tight greenkeeping team under the guidance of our experienced Head Greenkeeper, Ian Ross (Syngenta/NGA Greenkeeper of the Year 2017).

You will be suitably qualified in the practicalities of producing a very high standard of presentation throughout the golf course. You will be proficient with the use of modern maintenance equipment and shall possess the ability to work on your own initiative but within a team role.
