**Aircraft Maintenance Engineer (1 post available)
EURES ID 363544**

General Information:

Contract Type: Full time

Job description

- Perform maintenance of aircraft, aircraft components and engines in accordance with the respective maintenance manuals, ensuring the quality of workmanship is to a required standard.
- Ensure all parts, materials and components are accompanied by the correct release documents / certificates of conformance prior to fitment to an aircraft or aircraft component.
- Identify and tag any removed parts and route to the correct designated area in accordance with company procedure.
- Notify any spare parts requirements for work in progress to the Maintenance Manager in a timely manner.
- Complete and sign/stamp all work cards/sheets for performed tasks ensuring that all relevant details including materials and components used, and respective batch / part / serial numbers are recorded.
- Check the completed work pack for accuracy and completeness before certifying any work done in accordance with the limitations of the company authorisation held.
- Record / clock time spent on performed tasks.
- Comply with health and safety requirements and report any hazards and / or deficiencies in hangar, tooling and ground handling equipment to the Maintenance Manager.
- Maintain good maintenance practices in all work carried out including maintenance of toolboxes and tool accountability.
- Supervise of any additional staff allocated for a particular job by the Maintenance Manager.

Requirements

- ☑ The candidate must possess an EASA Part 66 B1.2 or B3 aircraft maintenance licence, preferably with Full Group 3 endorsement;
- Experience on Cessna and Tecnam aircraft, as well as Lycoming and Rotax engines, will be given preference;
- Candidates who **also** hold an EASA Part 66 B2 aircraft maintenance licence will be favourably considered for this post;
- Good verbal and written English;
- Good computer literacy;
- Must be able to work effectively in a team, as well as independently with minimal supervision;
- Permanent position based at Malta International Airport, Malta.

Training provided

Training, relevant to the position, will be provided

Any other benefits

Due to company expansion, and an increasing workload in the maintenance department, Malta Wings Co. Ltd is looking for a licenced engineer to strengthen its team. This is a fantastic opportunity to work with a progressive company who will offer opportunities for further training and career development. Employment is airside of Malta International airport.

Salary

Between Eur1,800 and Eur2,400 gross per month. Negotiable according to qualifications and experience
