

EURES Sweden together with EURES Puglia is searching for

Veterinary Surgeons
EURES ref. n 24495654

IVC Evidensia is Europe's largest veterinary care provider, located in ten European countries. Evidensia (Sweden) is a part of IVC Evidensia. In Sweden we are located in 65 places from north to south. We have small clinics and large animal hospitals.

The work as a veterinarian with us is varied. If you have a specific area of interest that you would like to develop in, we are interested in hearing more. The service may be designed according to your previous experience and competence. We are looking for veterinarians for both small animals and horses. With us, you will experience an exciting variety of complex and more routine cases. Together we work to drive the development of veterinary medicine forward, for the benefit of the animals every day. You will have the good support of your colleagues.

The Role:

We are looking for **experienced Veterinary Surgeons** to several of our clinics in Sweden. We value your personal qualities. We are happy to see that you have the desire to develop long-term with us. You are a person who enjoys working in teams, delivers with quality and has a trustworthy attitude. We believe that you are thorough, responsible, communicate well with both pet owners and employees and contribute to a pleasant and open work climate. It is important that you learn Swedish to be able to communicate with pet owners. Journals must also be written in Swedish. We will help you with this to begin with, and support in your Swedish language education.

At Evidensia everyone takes responsibility for each other, regardless of professional category. We care about each other. Good communication with both pet owners and colleagues is important to us. It is important that you are positive and spread good energy, while you like to collaborate with others. Of course, you love animals as much as we do and identify you with our core values; commitment, joy, respect, competence and innovation. We value the ability to work together and the lack of prestige. We are looking for you who are social, like forward-thinking and contribute to a good atmosphere in the working group and if you have a good feeling for service and problem solving.

To be able to serve as a veterinarian in Sweden, Swedish veterinary identification and the necessary knowledge of the Swedish language are required. More info

It is an advantage if you can start studying Swedish at a distance even before moving to Sweden.

The position is full-time, 40 hours per week. In our animal hospitals, service is included in the evenings, nights and weekends. We offer, 25 days holiday, compensation for wellness, discounts. We are flexible with start date, but preferably during winter/spring 2021.
